

CONTINUOUS SATIN NICKEL FILTER

The best solution for a trouble-free and continuous operation of a satin nickel bath !

Up to 99 colours easily handled !

**What can the PBNA do for your satin nickel bath :**

-  Minimising reject rates by reproducible results
-  No operator error due to incorrect input or misalignments
-  Automatic valve control and operating modes
-  Automatic rinsing, venting precoating
-  Documentation and control of the processes
-  Visualisation and ease of use
-  Integration into the overall process -> industry 4.0
-  Remote maintenance via teamviewer

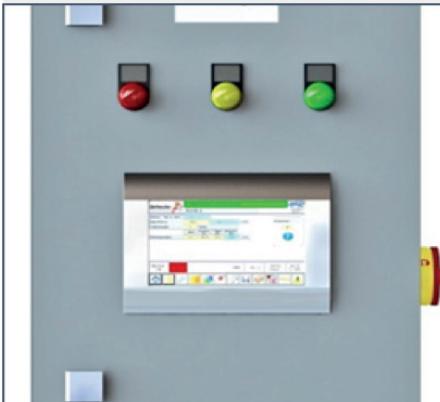

CONTINUOUS SATIN NICKEL FILTER

The PBNA has 3 types of control availables :

Analogue

Digital with PLC

Digital with PLC and automatic valves

PBNA Series 355 in 30"

version with analogue control and dual dosing station

PBNA Series 355 in 30"

version with PLC control, automatic valves and dual dosing station

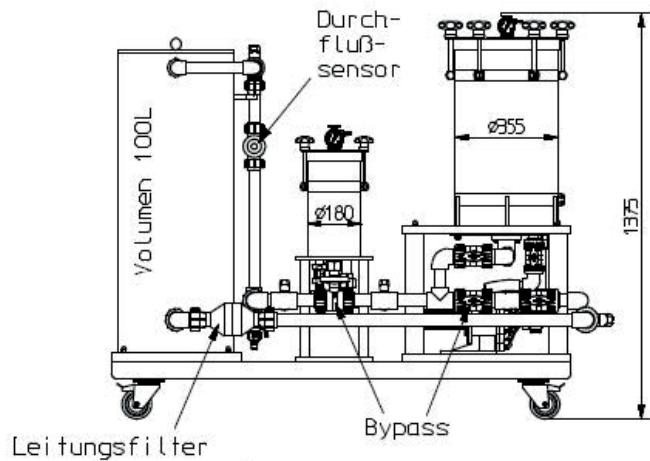

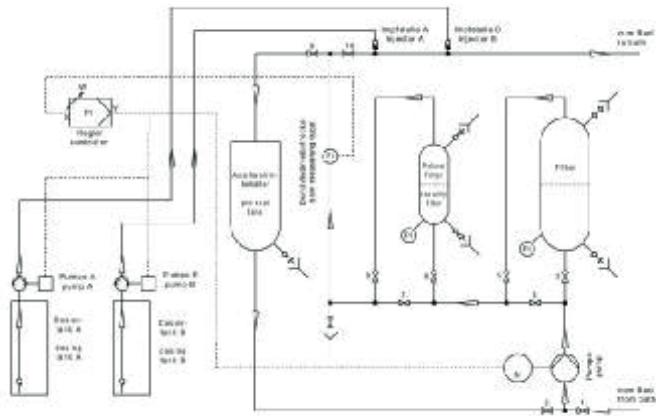

CONTINUOUS SATIN NICKEL FILTER

Functionalities

	Analogue functionnality	PLC functions	«PLC functions with automatic valves»
• High flow adjustment and setting	•	•	•
• Precise low flow regulation and control	•	•	•
• Accurate dosing - liner correlation to flow rate	•	•	•
• Flow with or without security filter	•	•	•
• Agitation with / without filtration	•	•	•
• Continuous use with dosing	•	•	•
• Maintenance filtration without dosing	•	•	•
• Max. quantity dosing pumps / storage tanks	2	5	5
• Password protection, system management and log	○	•	•
• Colour management (99 colours)	○	•	•
• Metered dosing pump incorporating flow monitoring	○	•	•
• Up to 5 storage tanks for process additives	○	•	•
• Automatic dosing of the make-up additives	○	•	•
• Programmed colour change functionality	○	•	•
• System servicing features incorporated	○	•	•
• Self-priming pump	○	•	•
• Dry run protection	○	•	•
• Automatic valves for each mode	○	○	•
• Guided pre-coating (adding aid and carbon by hand)	○	○	•
• Emptying the filters for cleaning	○	○	•
• Automatic (individual) ventilation	○	○	•
• Automatic rinsing of the slurry tank	○	○	•
• Automatic rinsing of the system	○	○	•
• Display	○	7"	15"
• Language	○	German / English	German / English / +
