

AxD

4th generation Periodic Pulse Reverse power supplies

Compact series:

1-2 controlled outputs

20 A / 60 A – 300 A / 900 A

Cabinet series:

1-8 controlled outputs of

400 A / 1200 A – 3,200 A / 9,600 A

AxD – Cabinet series

AxD-Cabinet

Scalable design

- 400 – 9,600 A
- 1-8 outputs out of one unit
- Air or water cooling
- High output voltages
- GMF, ECM

PPR software: VPC 3.0

More than just rectifiers – HMI Solutions

AxD - Periodic Pulse Reverse power supplies + **VPC** software
Complex wave forms easy to programme, store and operate
