

Product range

Special solutions for the melting industry

6 or 12-Pulse VAR power supplies

45 V / 20.000 A

W/D/H: 3600 / 2030 / 2200 [mm]

Saturable reactor or SCR control

Single or three phase ESR power supplies

110V / 44,000 A

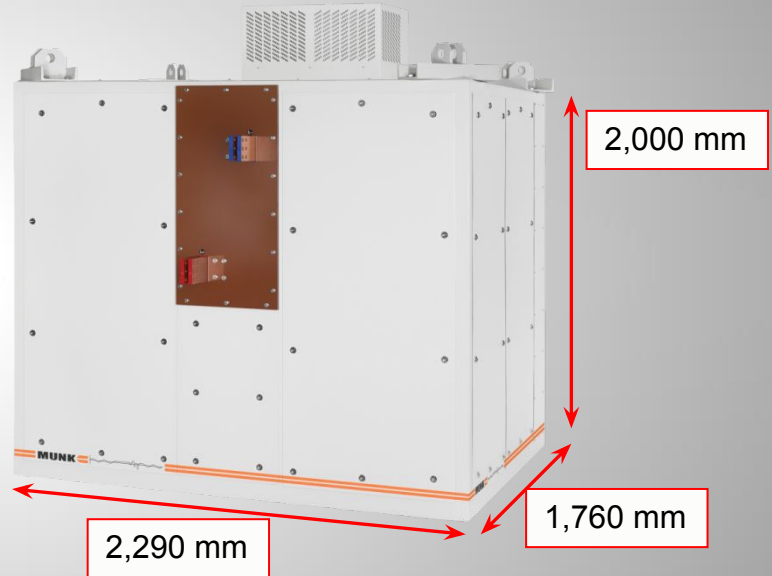

W/D/H = 1650 / 2540 / 2100 [mm]

Saturable reactor or SCR control

VAR melting rectifiers

Sealed enclosure, symmetric design

Available in SCR or saturable reactor controlled technology
Example: 12 pulse – SCR - 35 V / 12,000 A

Product range

Rectifiers for melting processes

3 x 100 V / 35,000 A
